Guidelines from Department of San'at wa Dastkārī

- All the Majālis should arrange effective and beneficial classes for the Lajna and Nāsirāt in each month. It is duty of Local Secretary San'at wa Dastkārī to make every effort to arrange these classes on regular basis. She can take assistance from her Local President and her team to arrange these classes. It is highly recommended that the local Secretary San'at wa Dastkārī find the members with extraordinary skills of Sewing/Art & Craft in her Majlis and use her skills to train others. This will help us achieve the purpose of establishment of this department.
- Please make sure to teach and practice the above mentioned items (National Cooking/Art & Craft Competitions) throughout the year and then arrange the competitions in your Majlis.
- The Art & Craft Competitions items of 1st position holder of each Majlis must be sent to the Markaz by March 30th.
